Forgotten Password

Initial Setup · https://dcmfdocs.dacapowebdevelopment.com/doc/dcmf-teachers/forgotten-password/

1. Using any modern browser that has JavaScript enabled, visit https://www.dacapomusicfestivals.com and click the red Forgot Username or Password button

2. Most teachers use their school email address when registering for an account. In certain circumstances, users are sometimes asked to use a personal email address.
   - If you do not know which email address you used, take a guess! If the system does not find it, it will try to search for your account another way.

3. You will receive an email with a link that you can click to reset your password. The link will have a long, coded string to ensure the security of this feature. Click on that link (or copy and paste it into your browser) to create a new password.
